

## WHITE BACKER FOR CLEAR VINYLs

### Technical Data Sheet

Signmax® White Backer for Clear Vinyls is designed to be used as a backing for interior mounted decals on glass. It features an opaque white/white appearance on both sides. It has a clear, permanent pressure sensitive adhesive for easy installation.

#### Product Dimensions

- 54" x 145'

#### Physical Properties

	Surface Material	Liner
Thickness (mm)	0.12± 0.01	0.143±0.009
Basic Weight (g/m2)	180± 5	128±5
Colour	White	White
Printability	Good	Die Cutting

#### Pressure Sensitive Adhesive

Adhesive Base	Acrylic	180° Peel Adhesion Kg/25mm	1.2 ↑
Coating Thickness (mm)	0.025	Release Force (g/25mm)	20±5
Coating Weight (g/m2)	27±2	Holding Power (hr/Kg*25mm <sup>2</sup> )	8 ↑
Solvent Retention (%)	1.5 ↓	Temperature Range	5°C-50°C
Initial Tack	4 ↑	Shelf Life	1 Year
Storage	30°C 60% Relative Humidity In A Cool, Dry Place		

#### Print Compatibility

- UV, Latex, Solvent
